QUESTIONS TO ASK MY SURGEON

What implant size and shape do you recommend for me?

Should my implants be placed over or under the muscle?

Which incision site is best for me?

Do you have before & after pictures I can look at?

When can I return to work?

How will breastfeeding and/or pregnancy be affected by breast augmentation?

What risks are associated with breast augmentation?

How much will my surgery cost? Is there a finance program available to me?

Did you know you can print your own Beauty Portfolio to take with you to your plastic surgery consultation, including customized consultation forms complete with before and after photos, and more?
